Crowds At Local Park Labor Day

Throngs of visitors from all surrounding districts gathered at the Memorial Park, Sidney, on Monday to take part in the big annual Labor Day sports program. Despite the sultry day the park was the scene of activity from early afternoon till dark.

One of the highlights of the day was the softball game for the championship of the Islands Softball League, in which the North Saanich Service Club nine defeated James Island, last year's title holders, 13-1. Bob Whyte and Earle Brown umpiring. James Island just didn't get going for some reason or other. The island boys are a fine bunch of sports — instead of putting up any alibis expressed regret at not putting up a better game for the spectators and with a big flock of smiles turned the Macintosh Cup over to North Saanich Service Club, with the remark from their manager, "We believe in keeping this cup circulating."

A snappy seven-inning game of baseball, Sidney vs. Sons of Canada, gave the Sidney boys a 3-2 win in one of the fastest exhibition games staged here for some time.

Likewise in the girls' softball game the local players got the best of the match against the Kolorad Kubs of Victoria, winning 24-8.

Frank Lines and "Amos" Nunn looked after the tamping for the baseball and Earle Brown and Herman Lind in the girls' game.

Many novel events featured the day of sports, the spectators following with keen interest as the various items were run off.

Events specially for baseball players were won by "Red" Palmer of the Sons of Canada team, who circled the bases in 16 seconds, and "Haley" Jackson who threw a baseball a mile or so towards Victoria. (Some heave, Haley!)

Winners of the special features for the players in the championship game were:

Most Hits—Roper (James Island), Cy King, Wes. Jones, Art Gardner, Frank Lines, sr., and Alf. Nunn tied. On the loss of the coin Art Gardner won, receiving as a prize a box of apples from Cowell's Meat Market.

Most Runs—H. Nunn, Cy King, Wes. Jones, Art Gardner and Frank Lines, sr., were tied. Art Gardner won on the toss of the coin, receiving as a prize confectionery from the Avenue Cafe.

Most Home Runs—Wes. Jones. He smacked out two circuit drives, and received a box of chocolates from Bill Stacey.

Catching Most Flies—Mr. Nelson, of James Island, gathered in five out in centre field, and received a tobacco jar from the Sidney Hotel.

Pitcher With Most Strikeouts—None other than our "Amos," known also as Harold E. Nunn. Sitting directly behind home-plate the writer got wise to Harold's success. Every time he pitched to the James Island boys he made a face, the result being a big slump for James Island — trying to watch the ball and the face at the same time. Amos receives a double order of printed stationery from the Review.

With a mighty pull on the rope the James Island boys were the winners in the tug-of-war against the Sidney Baseball Club. The island team lost the first pull, but came right back to annex the next two.

During the day those in charge of the various stalls of ice cream, candy, hot dogs, etc., were kept busy selling their wares.

To top off the evening a big dance was held in Stacey's Hall, a merry crowd taking part.

A very pleasant social time was enjoyed throughout the evening.

Thursday in a smart game played at Victoria West, the home team captured the Poodle Dog Cafe Cup when they defeated the Renvers 6-5 in the final game in the knockout series, and on Labor Day at the Memorial Park they were awarded the Macintosh Cup and the championship of the Islands Electoral District when they downed the James Island nine.

The first two cups won were the runners-up cup in their section of the Victoria District League, and the Peden Bros. Knockout Cup.

Ardmore Golf Club

The mixed two-ball foursomes played at the Ardmore Golf Course on Labor Day were won by Mrs. J. McInnith and Mr. J. C. Anderson with a net score of 69 1/2.

The men's annual competition for the captain's cup will be played next weekend, Sept. 8th and 9th inclusive.

QUIET WEDDING UNITES COUPLE

A quiet but pretty wedding took place on Monday evening at 8:30 o'clock at the home of the groom's sister, Mrs. J. A. Rowe, 208 Robertson Street, Victoria, when Rev. F. L. Stephenson united in marriage Margaret Joan, daughter of Mr. and Mrs. Robert Ferrie, of North Battleford, Sask., to Robert George Ashley Gilman, eldest son of Mr. and Mrs. J. Gilman, Sidney.

The bride looked charming in a powder blue dress with which she wore a white fox fur and white accessories and carried a shower bouquet of rose-buds and chrysanthemums. Mrs. J. A. Rowe was matron of honor, wearing a dress of ashes of roses and white accessories and a corsage of rose-buds.

Among the guests were Dr. and Mrs. Endicott, formerly of North Battleford, Sask.

The toast to the bride was proposed by Dr. Endicott, to which the groom ably responded.

The young couple will make their home in Sidney.

"It was worthless until properly advertised"

For a long time it was a failure. No one would buy a Gillette Razor. In desperation King C. Gillette began giving razors away. But it did no good.

It was not till nearly ten years later, when an advertising expert came along that Gillette Razors began to boom. In a few years Gillette was a rich man. His company came to have a capital of £6,000,000, with a profit of £1,500,000 and factories all over the world.

One fact stands out: THE IDEA WAS WORTHLESS UNTIL PROPERLY ADVERTISED.

Why shouldn't you benefit by advertising? Harness the "power of the Press" to your own problem. Tell people about your produce or service. And keep telling them! It's the 'ammer, 'ammer, 'ammer that brings the business in. Remember —

LETTERS TO THE EDITOR

SOVIET ART

Editor, Review:—I am asking you to print the following letter which the editor of the Times informs me is too long for that journal. That this statement is not true can be proved from his columns. Two days previous a letter of equal length was used and a few days later a longer one.

The Letter to The Times To the Editor:—

Outrageous. Seditious. Blasphemous. Such is the heading from an article by J. G. Brown to which you give prominence.

Let me point out that your writer says he is surprised the exhibit of Soviet Art — has not been raided by the police and the promoters charged with blasphemy and sedition. Later he states "the exhibition has been arranged by the International Entente" against the Third International. Now the Communist Party of the Soviet Union is affiliated with the Communist International, and it ought to be obvious to your correspondent that no such action by the police can or would be contemplated. The whole thing is propaganda against the Soviet Union.

I wonder if Mr. Brown knows what constitutes art, and if he is familiar with Soviet Art? I can assure him that Soviet Art is something to marvel at: virile, dynamic.

When it is understood that the collection exhibited by the International Entente against Communism was made with the sole intention of vilifying the U.S.S.R., it is easy to see that it is not a representative collection. Indeed your Mr. Brown says all these pictures appeared in a Moscow publication called The Godless: obviously a paper with a single purpose.

Outrageous. Seditious. Blasphemous. Outrageous I take it, means commit an outrage upon. Remember there pictures were produced in Russia for Russians. Mr. Brown then has no right to cry outrageous: instead of visiting this exhibit he could attend the nearest cinema and view the exalting leg show. The same applies to seditious.

Blasphemous is something else. It would be easy for the Russians to say that more blasphemy has been uttered by, say, representative Canadians, against them, than they have used against us or our God. To blaspheme is to utter evil or profane things against something sacred. In the U.S.S.R. the bogey man god they once worshipped is being ridiculed. There is something more sacred to them now, and it remains to be seen where sacredness lies. We and they are much in the position of the two sons mentioned by Jesus. "A certain man had two sons. He said to them, go, work in my vineyard. One answered I go Father, but went not. The other answered I go not; but went. Which of the two therefore doeth the will of the Father?" I also would say, which of the two? We or the U.S.S.R.?

I would like to go on and point out how socialism is being built in the Soviet Union, but must confine the remainder to a quotation from an article I have from there. "If I were asked what is considered the cardinal social sin in the U.S.S.R., I should unhesitatingly say, 'Greed.' Any manifestation of greed, from the simple action of pushing your way ahead in a line to the acquisition of too many material adjuncts to comfort, carries with it a real social stigma. This is in simple fact a complete psychological revolution. How is it possible that in sixteen years of Soviet administration such a fundamental change in psychology could be achieved? The cause of the change lies in the two systems. Under capitalism . . . take certain mental attributes which act as defence mechanisms in our particular environment. To be reasonably safe under capitalism, to wrest from that system any of the rewards which it has to offer, we must be thoroughly competitive in our attitude — suspicious of one another, greedy of returns, determined to advance at the cost of the next man, shrewd and ruthless in our contacts. This is the psychology of all 'normal' people under capitalism. So true is this that the vision of the 'Fathers of Socialism' of a society permeated by a spirit of co-operation was laughed at. It was quite impossible. Human nature was so. It could never be changed." Well, we see human nature changing today in the only way it can change; through changed conditions. Just as capitalism replaced feudalism, so will socialism replace capitalism. If our lords and masters are so sure socialism is no good, why not give the U.S.S.R. a chance to prove it is unworkable? Help them instead of putting every conceivable hindrance in the way. If they succeed, they deserve to succeed. If they fail, we don't want to fail the same way.

Business Summary

Following is a brief business summary of our local province taken from the monthly publication of the Bank of Montreal:

"Wholesale and retail trade is seasonally quiet. Prices of staple commodities are firm, with flour and cereals inclined to strengthen. Crops in most districts are maturing early and satisfactorily. Tomato canneries have commenced operations. Livestock are in good condition but lower prices prevail and shipments have declined. Lumber mills are busy. The

shingle market is still depressed and there is little demand for cedar. The salmon pack is approximately 10% above that of last year, with prices firm and the export demand good. Metalliferous mining continues to be active and there is some increase in the output of coal."

Sunday, September 9th
"MAN" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, September 9.

The Golden Text is: "As many as are led by the Spirit of God, they are the sons of God" (Romans 8:14).
Among the citations which comprise the Lesson-Sermon is the following from the Bible: "So God created man in his own image, in the image of God created he him; male and female created he them" (Genesis 1:27).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Jesus taught but one God, one Spirit, who makes man in the image and likeness of Himself,—of Spirit, not of matter. Man reflects infinite Truth, Life, and Love. The nature of man, thus understood, includes all that is implied by the terms 'image' and 'likeness' as used in Scripture" (p. 94).

The gift that Mother wanted

"And what shall I bring you from British Columbia, Mother?" said Grace Norland, about to leave her home on the prairies for a visit to the coast.
"I'll tell you what will please me most," said her mother. "Just call me by long-distance telephone when you get out there. I'll be wanting to know that you arrived safely, and the pleasure of hearing your voice when you're away will mean a lot to me."
So Grace telephoned home from B.C.
"Mother was delighted and I'm sure I enjoyed that call as much as she did," said Grace later.

"You can't stop stoking a steam engine" said Wrigley
 Interviewed, and asked to what he
 attributed his phenomenal success,
 the late Mr. Wrigley, of chewing
 gum fame, replied, "To the consistent
 advertising of a good product."
 "But," asked the reporter, "having
 captured practically the entire market, why continue
 to spend vast sums annually on advertising?"
 Wrigley's reply was illuminating.
 "Once having raised steam in an engine," he stated,
 "it requires continuous stoking to keep it up.
 Advertising stokes up business and keeps it running
 on a full head of steam."
 This applies to your business, too. Don't make a secret of your
 product. Tell people all about it. Tell them what it does. Tell
 them its advantages. Tell them where to get it. Tell them
 through the Press and keep on telling them.
